As far as I know they only set up the camp program so togetherhod would still need to be done.

******There is also a London conference happening. It has three items and will need the special cart set up too.

The items are:

YL1751

YL1752

YHG1753

Message IF add to cart with regular items: " Please make a separate order for London Conference items"

Message IF have in cart and try to add regular items: "Please put non London Conference items on a separate order"

Thanks,

Lorraine
